

Service Providers

Names of service providers have been provided by 40 Homewood residents.

This list is maintained by the website (www.40homewood.org)

Listings of any services or service providers here are initiated by individual owners or tenants, and in no way does the Condominium Corporation (YCC75) or the Board of Directors suggest, recommend, promote, guarantee, underwrite or otherwise endorse any of the services of service providers.

Individuals are urged to do their own research and due diligence.

Owners and tenants are encouraged to share the names and contact information of service providers so others might use them, too.

Send additional suggestions to homewoodweb@gmail.com

Owners should keep in mind one of the YCC75 rules (1.7):

No wall, floor, door, window, toilet, bathtub, washbasin, sink, heating, air-conditioning, plumbing or electrical installation in or forming part of a unit shall be installed, removed, extended or altered without prior written consent of the Board. Residents do not need the consent of the Board to paint, decorate, or alter the surface on any wall or ceiling within a unit. No drilling or other intrusion is allowed into ceilings without the prior written permission of the Property Manager.

In the instance of things affecting the electrical system or the plumbing, all parties are safer when it is ensured that the contractor/worker has proper credentials, licensing and insurance.

Some such jobs within a unit have the potential to affect these systems in other units or in the common elements.

All plumbers and electricians must present their credentials to the office before any private plumbing or electrical work is done in the building

Air Conditioner Installation & Repair

Carleton Cooling Company
Roy Carleton: 416-444-0045

Nikita Limited AC installation
Larry 416-464-4698
Nick 416-737-3212
